

Councillor for Scrutiny candidate
(Governance Zone):

Miguel Beedle

Vote Miguel for a representative,
communicative, and no-nonsense
Councillor of Scrutiny!

Manifesto

If elected as your Councillor of Scrutiny, my promise to you is to closely monitor – and work with – the student president team, ensuring that your presidents keep your best interests in mind. You can be sure that the president team will be held to their manifestos, and finances will be used sensibly, delivering nothing but the best for students.

Two months ago, I was co-opted into the position of Councillor of Scrutiny for Education, and during that short time I made my presence known, asking difficult questions necessary for the role. I have advocated for greater transparency behind Union decision making, and for members of the Council to prioritise the mandates that students have given them through democratic election, casting personal emotions aside.

If elected as your Councillor of Scrutiny, I will:

Consistently represent the views of all students, regardless of my own personal views. This is vital within the Union Council, and my promise to you is to hold all of the President team to account on this.

Be open and honest about the progress made by the Student President team in a monthly newsletter readily available on social media.

Closely monitor the financial stability of the Union to ensure your Union can operate as effectively as possible now, and in the future.

Most of all, I will ask the difficult questions to those you elected to represent you; to be bold and get the answers you deserve.

Vote Miguel for true scrutiny!
