This is our ice cream parlour and café and would be an ideal space for children's parties.

This is our hugely popular eatery which is used by our students on a daily basis.

Eats Italia's funky décor makes it an attractive space to visit and an ideal location for children's pizza parties with its own built-in pizzeria!

“We are a local sports group who have held our end of year presentation evening at the Students’ Union for the last 11 years, and we fully intend to continue doing so. We have used both Scoop, and Asylum, and every year has been a total success. The success being down to the planning, for which the staff at the venue have been instrumental in assisting us with.

I would highly recommend the various venues available at Hull University Union, and add to this the attentiveness and friendliness of the staff.

Why would you consider anywhere else?”
