

Union Council Motion – M.1920 - 25

Title of motion:

Should we revoke the Breastfeeding policy?

What do you want to change?

Remove the breastfeeding policy

Why do you want to change it?

- The current policy is no longer relevant due to the capital building works not taking place.
- The law ensures that we must provide a space for breastfeeding if asked so we do not need a policy to make this happen.

What do you want Hull University Union to do?:

Revoke the current breastfeeding policy and advertise a designated area in the Students' Union for breastfeeding.

Proposer: Abi Morris (President of Inclusivity and Diversity)

Seconders: Erin Pettit (President of Sports) Isobel Hall (President of the Students' Union)
