

Union Council Motion – M.1920 - 29

Title of motion:

Should we introduce Wellbeing Advocates to student groups?

What do you want to change?

To introduce Wellbeing Advocates to student groups

Why do you want to change it?

Based upon the original motion submitted by Ryan Parker brought to Council on 9th March, and the report submitted by the Select Committee, we believe that Wellbeing Advocates to be introduced to address the following two issues:

- Raising awareness of support services that students can access
- To protect the students already in similar roles (e.g. Welfare Officers on committees) who get little support and training for the role they are in

Please see documents attached to the motion for further context and information.

What do you want Hull University Union to do?:

To introduce Wellbeing Advocates to student groups as recommended in the Select Committee report.

Proposer: Abi Morris (President of Inclusivity and Diversity)

Seconder: Ryan Parker (Councillor of Scrutiny, Sports Zone), Jacob Thorne (RAG Chair), Huey Arslan (SEC Mentor), Casper Nicholas (Foundation Year Officer), Phoebe Bastiani
