M.1516-26 Motion to mandate the VP Sport to work with the University to ensure the redevelopment meets the needs of Sports Clubs

HUU Notes:

1. Many sports clubs are currently suffering from inadequate training facilities on campus. This includes but is not limited to: Women's Rugby, Dance, Fencing, Cricket, Ultimate Frisbee, Boat Club, and Pole Fitness.
2. The University has committed to making a multi-million pound investment in its sports facilities which will include an eight-court sports hall, 110-station fitness suite, floodlit pitch and pitch-side changing rooms.

HUU Believes:

1. That all sports clubs should be treated equally.
2. That all sports clubs should have access to safe and appropriate training facilities on campus or be provided with off-campus alternatives.
3. That all sports clubs should be consulted and actively involved in the redevelopment plans.

HUU Resolves:

1. To mandate the VP Sport to engage with each Sports Club **on both campuses** about their facility and equipment requirements, to relay those to the University and inform the redevelopment project.
2. To mandate the VP Sport to ensure Sports Clubs **on both campuses** are consulted by the University during the redevelopment project and viable alternatives for training facilities are offered throughout the redevelopment.
3. To mandate the VP Sport to provide regular updates on any progress at AU Exec meetings, AU Council and Union Council.

Proposer: Gurmok Sanghera

Seconder: Women's Rugby, Dance, Fencing, Cricket, Ultimate Frisbee, Boat Club, Pole Fitness
