Reports

VP Scarborough

Attached

Student Activities Co-ordinator

Things quieting down now for Xmas, getting up to date with things.

York Trip only 5 turned up yet 14 paid to go – strange and don't know why.

Community Officer

Attached

Welfare Officer

Campaign – breaking down the barriers never went ahead, had family emergency, so apologies, KOR just mentioned that a little message by text/FB would have been helpful as we didn't know what was happening.

Sex Fairy had lots of positive responses last week, The elephant will be re-launched in February.

Sports officer

No report

Campaigns Officer

Quiet as had lots of assignment hand ins – will work on campaigns in January to start in February. If anyone would like TN to help with their campaigns just let her know.

Education Officer

Attached

Equality and Diversity Officer

Quiet times, and again hand ins and assignments. Still no reply to my emails to liberation groups in Hull.

Issues to be raised and proposals

Any Other Business

GF would like to do a campaign on phishing emails, as he has had 2 this week and wondered if students would really know if they are phishing or not. Any ideas to GF and in February will do a VLOG and a campaign.

SH would just like to ask team if they could have regular hours so that if students come to see them then they know when to come to the office. KOR also said this is a good idea as it stops team going over their volunteer hours and doing too much. KOR to do a sheet where they can write the hours they have worked. (Example meeting at 2 today and then union council – in theory that is over your expected hours)

KOR just reminded team to please send reports as it saves loads of time when writing up minutes.

Next meeting is Next year time and date to be arranged due to timetables changing.

Apologies to KOR and reports to KOR by Monday please
