

Student Trustee Candidate:

Huseyin Arslan

Manifesto

Hey, my name is Huey and i'm running for a seat as a Student Trustee. I am currently in 2nd year going in to my 3rd year studying Physics. In my second year I have worked on the Societies Executive Committee as part of the Activities Zone to help and support all of our fantastic societies at Hull, as well as being the Treasurer of the Physics Society. This year I have also been involved with the Education Zone as a Course Rep and have really enjoyed representing my cohorts needs and voicing their concerns.

Having been involved with both the Activities and Education zone I have a good understanding of how the Union operates, and I am keen to have an input on ways that it can be improved.

I was drawn to the Student Trustee Role because I want to represent all students and I know that I can both listen and learn from other opinions to make decisions in everyone's best interest.

I am also very excited to be involved with a charity as large as the union, as charity work is very important to me and I am interested in working for a charity when I graduate. I want to use this role not only to represent students but to learn.

Finally the positions of student Trustees is very important in ensuring that students have a voice at the highest level within the union. So everybody make sure you don't waste your opportunity to have your voice heard and cast your vote!

It would be an honor and a privilege to represent you all
