Manifesto

Sexual Assault Support

It is unacceptable that many of us have experienced or know someone who has experienced harassment or assault at university. I will prioritise YOUR safety by;

•Introducing more preventative strategies by;

- Continuing and improving consent workshops.
- Improving mandatory consent training for freshers as part of their induction.
- Organising more accessible and regular self-defence workshops.

•Promoting available safety and support services by;

- Making information more accessible to ALL students at the start of university and throughout their time here (eg in iHull app, posters in more public spaces) not simply in response to incidents. I want to ensure YOU are always confident in the help you can receive.

Empowerment

•I want YOU to feel empowered and positive by;

- Continuing and expanding body positivity workshops.
- Promoting Fabulass and female fitness.
- Creating events for women in STEM and male dominated subjects.

Equality

•I will challenge oppressive gender roles by;

-Campaigning for male students to feel more comfortable seeking mental health services, and women to aspire to more leadership roles.

I will listen to YOU, by creating a survey each semester and using your concerns and priorities to inform my campaigns.
